**RE. BHARAT RATNA FOR SHRI JAYAPRAKASH NARAYAN**

**श्री संजय निरूपम** (महाराष्ट्र) : मैडम, बहुत-बुहत धन्यवाद जो आपने मुझे मौका दिया बोलने के लिए। आज दोपहर को मैं रेडियो पर समाचार सुन रहा था। तो अचानक एक बहुत बड़ी खुश खबरी सुनने का मौका मिला। यह खुश खबरी यह है कि हिन्दुस्तान के एक बहुत बड़े स्वतंत्रता सेनानी और 1974 के बहुत बड़े जननेता लोकनायक जयप्रकाश नारायण जी को भारत सरकार ने भारत रत्न देने का फैसला किया है। मैडम, मैं सरकार के इस सराहनीय और प्रशंसनीय कदम के लिए सरकार को धन्यवाद देता हूं, बधाई देता हूं। जे०पी० महान थे और निश्चित तौर पर उनसे जुड़कर हमारा भारत रत्न और महान होगा। जे०पी० की सम्पूर्ण क्रांति का विचार मैडम, आज भी प्रासंगिक है। आज की सरकार में शामिल कई मंत्री सन् 1974 की क्रांति से जुड़े रहे। आडवाणी जी यहां बैठे हुए हैं, वाजपेयी जी भी थे, जार्ज फर्नांडीज भी थे। जाहिर है अगर कहा जाए कि ये जे०पी० के अनुयायी रहे हैं तो ऐतराज नहीं होना चाहिये। मैडम, मैं बताना चाहता हूं कि अगर आज की सरकार इस सम्पूर्ण क्रांति के नारे को पूरी तरह से हकीकत में बदलने का प्रयास करे तो शायद जे०पी० के लिए बहुत बड़ी श्रद्धांजलि होगी। मैडम, मैं आपके माध्यम से इस सदन के माध्यम से भारत सरकार को धन्यवाद देता हूं, अभिनन्दन करता हूं कि उन्होंने देश के इस बहुत बड़े स्वतंत्रता सेनानी को बुहत अच्छी श्रद्धांजली दी, भले देर से सही। धन्यवाद।

THE DEPUTY CHAIRMAN: I have not got the official announcement. ...*(interruptions)*... One minute, I will allow. But as Mr. Sanjay Nirupam has said....*(interruptions)*... Dr. Manmohan Singh wants to say something. ...*(interruptions)*...

SHRI H. HANUMANTHAPPA (Karnataka): If it is the decision of the Government, then it should have first come to either House of Parliament. ...*(interruptions)*...Why should it be released to the Press? Is it that the Government does not want to say it in the House? ...*(interruptions)*... We should not be kept in the dark.

THE LEADER OF THE OPPOSITION (DR. MANMOHAN SINGH) : If the Home Minister...*(interruptions)*...

SHRI GURUDAS DAS GUPTA : Madam. ...*(interruptions)*...

THE DEPUTY CHAIRMAN: Mr. Gurudas Das Gupta, this is not a good habit. The Leader of the Opposition got up to say something. Let him answer. If you want to say something. you can also say. There is no problem about it.

**7.00 P.M.**

THE MINISTER OF HOME AFFAIRS (SHRI L.K. ADVANI): Madam Chairperson has put a question to me. I feel extremely embarrassed to reply, because I am aware of the process

of decision-making in this regard. I know a thinking is there in this direction. But, I do not know how a formal announcement is to be made and who is to make an announcement. After all it is likely. I presume it will be part of the announcement to be made on 26th January. That was my presumption. Therefore, it may not have been announced formally. But, since some television has said it, I could not say 'no'. I wanted to convey it to you that a thinking is there in that direction.

SHRI GURUDAS DAS GUPTA: It is very unfortunate that...*(Interruptions)*

SHRI L.K. ADVANI: When the Chairperson asked me, I said, if I were to convey it, then it becomes official. Similarly if you were to announce it, it becomes official. But, in this case, if a Member is saying it, it is quite a different matter. I am aware that the thinking is in that direction.

SHRI GURUDAS DAS GUPTA (West Bengal): Madam, I would like to put it on record. I am not going to use harsh words, but I would like the Government to consider that this is not the way the whole thing should have gone.

THE DEPUTY CHAIRMAN: He did not do it.

SHRI GURUDAS DAS GUPTA: This should not have been leaked. *(Interruptions)* My point is that such an important thing has been leaked. Why did it leak and how did it leak? It was an important thing. What is this?

THE DEPUTY CHAIRMAN: Gurudas Ji, I tried to ascertain from the Government. That is why I did not say anything. Otherwise, do you think if such an official announcement comes, the House would not have talked about it.

Today I am very proud that our very very renowned scientist, Prof. Chandrashekhar, who is no more with us, who researched in Astro-physics, who got the Theory of Black Hole, which the world did not recognise 25 years ago, today the American Government has named their spaceship after him. We are very happy for that. We should be very happy and we should be proud Indians that the spaceship has been named after Prof. Chandrashekhar. And finally after 25 years, when others also did the same research, his research was recognised and he was given the Nobel Prize. Anyway. I am very happy today for that.
